

Patient Drop-off and Parking

The UVA Medical Center is committed to making your arrival as smooth as possible. Here are key points you need to know:

- The main patient arrival area for University Hospital is located on Lee Street. This location is staffed with dedicated patient greeters who will provide assistance and information to visitors and arriving patients. Staff will also be available for patients who need assistance reaching their destination. Patients and visitors displaying a handicap license or placard on their vehicle will receive parking assistance.

- JAUNT and other transit systems will drop off patients at a designated location adjacent to the Northgate entrance.
- If you park at the Lee Street Garage, please exit at Level L to access the Emily Couric Clinical Cancer Center. To access University Hospital, the Primary Care Center or the West Complex, you may use the Lee Street Garage Connective Element located on Level A or at street level. Don't forget to bring your parking pass with you: all patients and those visiting and picking up patients receive validation for free parking.
